

Instructions

Lists **MUST** be received two weeks prior to your desired ship week and no later than November 15th to guarantee the flat rate shipping rate.

1. Recipient lists need to be created in an Excel file in the correct format (i.e. Each item of the address, including city, state, and zip should be in a separate column). An Excel spreadsheet template is available to download at richwrap.com/mailling.
2. Lists should be submitted via email to liz@richwrap.com.
3. Be sure to indicate which ensemble you wish to have sent. If you are sending more than one style of ensemble, have the lists and insert cards clearly grouped for each style.
4. You may want a portion of your order shipped directly to your home or office. Please specify a desired ship date for this part of your order. The mailing service fee will not be assessed on these items.
5. You may provide your own insert card to be placed in the mailing sleeve of each ensemble to identify whom it came. This can be a business card, greeting card, letter, etc. The only limitation is that one dimension of the card/letter must be 5 inches or less. For your convenience, we offer insert cards that can be printed with your company name and/or salesman's name for an additional cost of \$.20 per card. Insert card is available to review at richwrap.com/insertcard. For those customers who order insert cards for bulk orders, please note that the insert cards will not be inserted in each ensemble but will be shipped altogether to be inserted by the customer. *This does not apply to orders being shipped through our mailing service to individual addresses.*

Helpful Information

- If you are sending ensembles from more than one person in your company, and each person wants a personal insert card, be sure to group list and corresponding insert cards together in such a way that they do not get mixed.
